Subject: [For Information] Registry of Societies: Deferment of Annual General Meeting

Message Classification: Restricted

Dear Sirs/Madams,

Deferment of Annual General Meeting

ROS has no objection to the delay in the holding of AGM by societies or for societies to adopt alternative means to conduct their AGM in view of the current COVID-19 situation. However, as the holding of the AGM is a requirement of the Constitution of most societies, members should be notified and their agreement obtained if there is any deviation from the Constitution.

2 Your society may wish to seek the views of your advisers on appropriate methods of reaching out to, and obtaining the agreement of your members on delaying the AGM.

Yours faithfully,

Registry of Societies
